

Joint labour market governance and human capital innovation in Groningen

Josien Hof
Secretary Labour Market Region Groningen
City of Groningen

EU Stars meeting,
La Laguna
March 30 2023

1. Transition from initial education system towards lifelong development

Continuous learning pathways
Learning culture among (potential members of) the labour force
Learning culture in businesses

Other challenges

2. A stronger connection between learning and working
3. Reliable information on targeted development
4. Strengthening cooperation between all parties in the labour market
5. Strengthening the learning culture

Goals

1. A region in which more people are economically independent on a sustainable basis
2. A socio-economically stronger region
3. A region in which lifelong development is a matter of course
4. A region in which the barriers within and between education, government and companies have disappeared
5. A region that develops, retains and attracts talent

Some projects (1)

Project	Description
Talent in the Region	<p>The core of the Talent in the Region programme is preparing the labour force and employers for the labour market of the future.</p> <p>https://www.hanze.nl/nld/onderzoek/kenniscentra/centrum-ondernemerschap/onderzoek/lectoraten/human-capital/projecten/projecten-ondernemerschap/talent-regio</p> <p>https://nationaalprogrammagraoningen.nl/projecten/talent-in-de-regio/</p>
Time for Future	<p>Introducing an extended school day where extra teaching time is provided for talent development, welfare, health, and reducing disadvantages.</p> <p>https://nationaalprogrammagraoningen.nl/projecten/tijd-voor-toekomst/</p>
Promising residents of Groningen	<p>Providing optimal development opportunities and a good connection to the labour market for 20,000 children/young people in the region</p> <p>https://nationaalprogrammagraoningen.nl/projecten/kansrijke-groningers/</p>
Opportunities for training	<p>Accessible, fast and effective training of low-skilled participants towards work or an apprenticeship</p> <p>https://nationaalprogrammagraoningen.nl/projecten/kansrijk-opleiden/</p>

Some projects (2)

<p>Digital Academy</p>	<p>In the Digital Academy, the range of digital training offered by the various knowledge institutions is made accessible, from low-literacy to academic level. https://dann.nl/ https://nationaalprogrammagroningen.nl/projecten/digitale-academie/</p>
<p>Opportunities for Craftsmanship</p>	<p>Training and retraining of employees in a number of technical sectors and training and coaching of new employees for and at a new workplace. https://nationaalprogrammagroningen.nl/projecten/kansen-voor-vakmanschap/</p>
<p>Liaison Fund</p>	<p>Parties that are not currently involved in the Working on Development programme are experimenting by receiving a subsidy to set up new small-scale projects. https://www.provinciegroningen.nl/subsidies/werken-en-ondernemen/verbindingsfonds/</p>
<p>Venturelab</p>	<p>The VentureLab North programme is an entrepreneurship support programme for very early stage support of ambitious knowledge-intensive startups and business development teams from SMEs. https://venturelabinternational.com/north/#programme https://nationaalprogrammagroningen.nl/projecten/venturelab-north/</p>

Some projects (3)

New Energy Coalition	Continuous learning line Energy transition. https://www.newenergycoalition.org/en/
Innovation hub East Groningen	Attracting innovation projects and students to East Groningen. https://www.ihog.nl/
